

PUMPS: Transfer

Strad supplies highly efficient and reliable invert, silicate and diesel transfer pumps that are used to move drilling fluids between storage tanks, or a tank farm and a drilling rig. Transfer pumps are available in a variety of horsepower and sizes, including low-volume pumps that are ideal for blending drilling mud or pumping fuel, plus compact models.

Invert, Silicate and Diesel Transfer Pump Features

- Strad transfer pumps are available in assorted sizes and horsepower (HP) plus electric 480/600 volt, gas and diesel.
 - Diesel transfer pumps 1 1/2" x 1 1/2" or 3" x 2" units come with filtration.
 - Silicate pumps - Mission 4" x 3" 10/15 HP and electric 480 or 600 volt.
 - Base oil pump 3" x 2" 10/15 HP and electric 480 or 600 volt.
 - Invert pumps 4" x 3" 10/15/20 HP and electric 480 or 600 volt.
 - Honda gas powered 3" x 3" general transfer pump (Honda: 2" or 3").
 - Mission 2500 6" x 5" x 11" 60/75 HP, electric 480 or 600 volt and diesel application.
 - All pumps come fully contained and are equipped with a 15' power cord and a A.B. 609 explosion proof starter.

Space Saver Pump Features

- Strad space saver transfer pumps are available in 10 HP (horsepower).
- Units may be run on a 208 or 480 volt 3 phase power.
- Engineered and certified lirting plug
- Additional safety features:
 - 100% shaft gaurding
 - Sealed starter box electrical connections (precaution for hazardous temperatures)
 - Mechanical shaft seal with graphite packing
 - Mounted in a spill tray
- Pedestal transfer pumps are available in 15 HP (horsepower) and may be run on 480 volt 3 phase power.

Pump Specifications

Size	Transfer Pumps	Space Saver Model
	1 1/2" x 1 1/2"	3" x 2" x 13" or 3" x 2" x 7 3/4 "
	3" x 3"	4" x 3" x 13" or 4" x 3" x 7 1/4 "
	6" x 5" x 11"	

Advantages

Strad's pumping systems are engineered for safety, reliability and containment.

Service inspections are conducted monthly in the field by Strad personnel as preventative maintenance to ensure maximum performance of our pumps

Strad offers safety enhanced, premium equipment and is focused on customer service. We pride ourselves on the fact we are able to respond to customer requests promptly and efficiently.
