

Wellsite Trailers

Strad offers a number of different style wellsite trailers that are fully equipped, modern and safe. We provide all the required office amenities combined with the comforts of home so that productivity can be achieved whether you are working, sleeping, or relaxing.

Features & Specifications

All wellsite trailers come equipped with the following (see specifications for individual trailer styles/layouts for additional features and variations):

- Propane tanks
- Water storage
- Washer and dryer facilities
- Kitchen (see specifications for size and amenities)
- Living area
- LCD TVs
- Heating and air conditioning

Advantages

- Conveniently located at your wellsite
- Designed with efficiency and comfort in mind to maximize your productivity
- All necessary office amenities available
- Offers the comforts of home for relaxing after long work days

Strad trucks all trailers to and from site for mobilization and demobilization as well as services and maintains all of our equipment for optimal performance.
